Shawn Vassell
Basketball Program

I have traveled to over 25 countries and lived in 5 separate places because I grew up with a military mother. I used to be bilingual. I am going to graduate with a bachelor's degree in Communications and a minor in Management Information Systems. Other than playing basketball, I enjoy training Kung Fu and tasting different foods.

Therese Salazar
Hip Hop Program

I am currently a senior at UCSD and majoring in Environmental Systems-Earth Science. My hip hop journey began since childhood with the dance video game, Dance Dance Revolution. I currently am a four year member on Ascension, a competitive hip hop dance team from UCSD who performs in various competitions.

Chris Alfaro
Soccer Program

I was born and raised in South-central Los Angeles where I became fascinated by the soccer world. Now that I'm a senior in college, I notice that being a great coach to a team of young children can help them develop into strong men and women in the future. After years of teaching and coaching kids, I love the feeling of knowing I made an impact in a child's life and I hope to continue this with the help of this new soccer program.

Katereen Farol
Hula Program

I started dancing hula when I was in middle school then changed my style to hip-hop when I was in high school. I am currently pursuing my passion for dance with my halau, Pride of Polynesia. I think hula is not only about dance, but also the culture and passing on the knowledge to the younger generation. Dancing a different style and culture helped me connect with my own roots.
