After School Programs

Reminders for Students and Parents

If your student is enrolled in an after school program, please be respectful of these guidelines:

- *Registration.* Provide complete registration details, including contact info of who will pick-up your student and a back up/emergency pick-up person if they are going to be late or can't pick up.
- *Reporting to the program.* TK and kindergarten students should stay in their classrooms until they are picked up by the program at dismissal; 1st - 5th grade students need to report directly to the program (without wandering through the school grounds). Unattended students are not allowed on campus.
- *Pick-up.* If you will be more than 5-10 minutes late, you need to contact the program and arrange for a backup person. Vendors cannot wait more than 10 minutes after their class ends and our school does not allow kids to be sent to the front office.
- *Aftercare.* TK and kindergarten students going to PrimeTime, Character Builders, or Three Treasures following their after school programs should remain with the teacher until they are escorted by the program; 1st - 5th grade students need to report directly to their aftercare program once dismissed (without wandering through the school grounds). Unattended students are not allowed on campus.
- *Conduct.* Students are expected to follow the same code of conduct in the after school classes just as they do during regular school hours. These programs have the right to cancel a child's enrollment and offer a prorated refund if behavior issues cannot be resolved.
- *Rain.* Barnard does not have an alternate location for outdoor classes. If outdoor classes are cancelled due to rain or forecast of rain, please be prepared to find alternate arrangements. The school does not allow students to remain in the office or to be left unattended.

Recent issues concerning the above guidelines have put our after school programs at risk of being canceled. Thank you for your participation, and thank you for your cooperation.
